

Project	Location	Project Description
Takini River Tagging and Release	Takini	tagging and release of juvenile salmon
Fox Creek Fisheries Survey and trail cutting acces	Fox Creek	creating access trail & surveying fish populations
Moosehide Gathering -Responsible Env.Practises Team	Moosehide	assisted ecological logistics of gathering
Cooperative Interpretation with YCS	Whitehorse	guiding & teaching cultural & natural history
Community Ecological Monitoring	various	assisting biologist and botanists with field research
Dawson Circle Trail	Dawson	continuing re-creation of Circle Trail
Weed Warriors - Invasive Species Balancing	Carcross	removing invasive plant species
Research Forest Interpretive Trail Building	Whitehorse	building new trails for Forest interpretive site
Community Gardens Upgrades and Improvements	Whitehorse	maintenance and improvements to gardens
Teslin Lake Bird Banding	Teslin	monitoring migratory bird movements
Albert Creek Bird Banding and Migration Station	Watson Lake	support for bird banding & interpretation
Elk Enclosure Fencing	Braeburn	assisting with fencing for Elk Tick eradication
Spook Creek Barrel Cleanup	Whitehorse	cleanup barrels/waste from headwaters of creek
Marwell Creek Cleanup	Whitehorse	cleanup land/removal of debris adjacent to creek
Survey of Yukon Attitudes towards Climate Change - Youth Component	Whitehorse	determine level of knowledge of climate change issues, assess, suggestions for education campaigns, etc.
Wildlife Hazard/Fish Spawning Ground Litter Cleanup	Pelly Crossing	remove wire fencing in area/cleanup debris in creek
Commercial Waste Audit Project	Whitehorse	assist in performing waste audits/surveys
Klukshu River Weir Access Trail	Haines Junction	upgrade ATV/foot trail
9th Annual Klondyke Harvest Fair	Whitehorse	assist in setup/take down of fair, assist w/ kids games & other events
Brushing Lower Laberge & Shipyard Island	Whitehorse	clear trees/brush surrounding historic resources
Surface Debris Cleanup at Watson Lake Airport	Watson Lake	remedial activity - remove old debris from airport area
Kluane Lake Walking Trail	Burwash Landing	document community walking paths/descriptions of wild plants
Community Garden Upgrades/Improvements	Whitehorse	move/assemble materials for '03 garden projects, garden maintenance mulching, and planting
Recreational Trail Creation, Protection & Enhancement	Whitehorse	brushing along Mt MacIntyre/Coal Lake Roads; riprap along Sima Creek continuation work Whitehorse Copper Trail
Removal of Hazardous Wire	Carcross/Tagish	under guidance Recovery Program, locate/remove dangerous wire
Beringia Centre Grounds Maintenance	Whitehorse	re-naturation/maintenance Beringia Centre surroundings
Croucher Creek Monitoring	Whitehorse	remove obstructions in creek, minnow trapping, maintain trails

Project	Location	Project Description
Wolf Creek Fishway Monitoring/Maintenance	Whitehorse	maintenance/monitoring of fishway, clean gravel, adjust inflow/tail H2O
Revegetation Monitoring Porter Creek	Whitehorse	design monitoring program to determine success of 2002 project
Vehicle Emissions Inspection Clinic	Whitehorse	involvement in clinic - greeting drivers, logging data, testing tire pressure testing gas caps for leaks, debriefing drivers of test results
Tree Falling Run Improvements	Whitehorse	select tree falling at Mt. Sima
Cabin Renos/Wire Removal	Rose Lake	re-roof patrol cabin, remove barbed wire exclusion fence
Yukon Environmental Stats 2003 update	Whitehorse	revise/update publication entitled Yukon Environmental Statistics
Trail Marker Development	Whitehorse	develop/install marker system for trails in Chadburn/Hidden Lakes area
Plant/user survey for Millennium Trail	Whitehorse	develop/implement monitoring program/user survey for Millennium Trail
Study-effects logging on small mammals	Watson Lake	examine effects logging on marten in SE Yukon
Small mammal fauna Tombstone Park	Dempster	document small mammal fauna of alpine habitats in central Yukon
McIntyre Incubation Facility Prep	Whitehorse	prepare incubation facility for upcoming year
Fry trapping/ Flat Cr. &/or Takini River	Whitehorse	monthly fry trapping to determine growth & condition of hatchery fry
Coded wire tagging @ McIntyre	Whitehorse	apply coded wire tags to Chinook fry at McIntyre incubation facility
Ketza Mine Wire Cleanup	Ross River	clean up powerline/telephone wire that is hazard to wildlife
Bank Stabilization and Replanting Native Species	Marsh Lake	replant plants to protect trail from erosion
Updating Environmental Learning Resources	Whitehorse	researching new material, updating electronic version of two learning resource packages
Update of Online Guide to EE Resources	Whitehorse	research and update web pages
Worker Profiles, Environment Yukon	Whitehorse	interview, create profiles of staff for intranet, career learning for student
EE in Spring School Camps	Whitehorse	do environmental education activities with school groups in spring camps
Stream Cleanup Horse Creek	Whitehorse	clean up of creek for salmon habitat...ongoing Y2C2 project
Haunka Creek Beaver Dam Removal	Atlin Road	remove section of beaver dam for fish migration
Trail Development, Fox Like Wildlife Viewing Site	Whitehorse	place gravel on trail
Seed collection for revegetation projects	Whitehorse	Collect seeds of native species in roadway ditches for future revegetation projects
Interpretive Signage, Wildlife Viewing Trail	Keno City	Mark out, upgrade existing trails in Keno area. Install signposts and trail markers.
Sample sorting, caribou research project	Whitehorse	Sort samples of grass collected as part of Chisana caribou project.
Dawson Circle Trail	Dawson	trail upgrading from Dike to Dike
Healing Broken Connections Rediscovery Camp 2007	Kluane	support crew for cultural camp

Project	Location	Project Description
Baikal Sedge Survey in the Carcross Dessert	Carcross/Tagish	surveying the extent of Baikal sedge in Carcross area
Cleanup and install Picnic Tables & Fire Pits on the North Canol Road	North Canol	Cleanup and install Picnic Tables & Fire Pits on the North Canol Road
Albert Creek Bird Banding and Migration Monitoring Station	Watson Lake	basic camp maintenance and assisting with monitoring of song brid activities
Fry Trapping at Fry Creek	Whitehorse	trapping and measuring fry
Fry Trapping and Release at Tatchun Creek	Whitehorse	trapping and measuring fry
Wolf Creek Fishway Maintenance	Whitehorse	repairs and yearly maintenace of fishway
Croucher Creek Erosion Estimates	Whitehorse	stream survey focussing on erosion estimates
Residential Compost Cart Pilot	Whitehorse	distribution of initial compost carts
Community Gardens Upgrades and Improvements	Whitehorse	building beds and general garden maintenace
Arboretum Maintenance	Faro	maintenance of Arboretum trails
Dempster camp	Dempster hwy	prepping a first hunt camp on the Dempster
Small Mammal Research	Whitehorse	assisting with trap layouts, monitoring & collectiion
Green Your Space Project	Whitehorse	researching greening of office possibilites
Wetland Keepers	Whitehorse	exploring and mapping potential for future outdoor ed center
YCS Deck Maintenance	Whitehorse	sanding and painting deck
Environmental Day Camps	various communities	presenting environmental education camps in the communities
Env. Ed. in Spring school Camp	Whitehorse	assisting and leading outdoor ed activities with schools
Farm Fencing	Whitehorse	experimental fencing to control predation
Cardboard Recycle Bin	Whitehorse	building a cardboard recycling unit
Whse Moves Urban Trans.	Whitehorse	surveying residents of whitehorse about transportation issues
Agate Trail Restoration	Carmacks	brushing back trail
Bird Banding & Migration Monitoring Stn	Teslin	camp maintenace and monitoring of song bird activities
Swan Haven Maintenance & bird tracking floor	Marsh Lake	maintenance and repairs to Swan Haven Interpretation site
Juvenile Chinook Sampling in Croucher Creek	Whitehorse	trapping and measuring fry
Maintenance & brushing of Watson's Multi Use Trails	Watson lake	General Maintenance & brushing of Watson's Multi Use Trails
Wood Bison Fence Out	Takinni	improving existing fencing
Southern Lakes Wire Removal	Southern lakes	removing dangerous wire/habitat improvement
Canada Games Biathlon	Gray Mountain	widing the trails for biathlon
Mt. White Brushback	Atlin Road	cleaning out the entrance to Mt White
Old Crow Scinece Camp	Old Crow	presenting environmental education at a science camp
